- December 16**--Grinch Day
- December 20- January 2**--Winter Break

## ELEVATING THE EXPERIENCE:

Boys and girls basketball teams gave their all at their first tournament over the weekend. They played hard and worked as a team. Come out and support the 6th-8th graders as they compete in the newly established league.

House meetings are every Friday and students may dress in their house colors. We have house shirts coming soon! Ask your child about the essential rules they are learning.

# I can & I will

Career Day was a success for the 5th-8th graders as we are elevating their academic experience. Students learned about financial literacy, the health care industry, and enterpenuership.
